

Critical Design Review

Reviewer's Name: _____

Team Members Being Reviewed: _____

C - Complies, CwC - Complies with comment, NC - Noncompliance

| | |
|--|--------------------------------|
| 1) Sufficient prototyping has been performed to begin with full-scale prototype and subsystem integration | C Circle one: CwC NC |
| Comments: | |
| 2) Problems have been identified and solutions are both technically acceptable and support the problem defined in PCR | C Circle one: CwC NC |
| Comments: | |
| 3) System block-diagram is updated to reflect design changes | C Circle one: CwC NC |
| Comments: | |
| 4) Interfaces are redefined to reflect design changes | C Circle one: CwC NC |
| Comments: | |
| 5) Review of success criteria are made and status given for each | C Circle one: CwC NC |
| Comments: | |

| | |
|--|----------------------------|
| 6) System behavior described as flow chart/state diagram/pseudo-code/etc. | C Circle one: CwC NC |
| Comments: | |
| 7) Schedule and Budget updates are made and explained | C Circle one: CwC NC |
